

FISCAL NOTE

SB 1563 - HB 2123

March 29, 2005

SUMMARY OF BILL: Requires all high school agricultural education programs that were twelve-month programs in FY92-93, or any year thereafter, be maintained as twelve-month programs provided a quality agriculture education program (as defined by Department of Education criteria) is maintained.

ESTIMATED FISCAL IMPACT:

MINIMAL

Assumption:

- Programs currently in operation since 1992 shall be maintained as 12-month programs. There would be no additional fiscal impact since the programs were already in place and funded through BEP and local funding sources.
- In addition, assumes no local impact because these programs already meet the criteria for quality agricultural education programs.
